## D i s c o u n t s

2% discount if current invoice is paid in 10 days.

2% discount if order is placed 6 months prior to shipping date.

1% discount for continuity of order. Continuity to mean the regular planting of varieties over a period of time rather than a large amount of one variety for only one planting. This discount will be at our discretion.

Quantity Discounts for total order placed at any one time, regardless of shipping date:

2.5%	10 - 14 thousand rooted cuttings
5.0%	15 - 24 thousand rooted cuttings
7.5%	25 - 49 thousand rooted cuttings
10.0%	50 - 74 thousand rooted cuttings
12.5%	75 - 124 thousand rooted cuttings
15.0%	125 - 199 thousand rooted cuttings
20.0%	over 200 thousand rooted cuttings

CONTRACT PRICES are offered to year-around mum growers.

All orders are direct - - we have no agents distributing cuttings for us. First orders should be accompanied by credit references.

ORDERS SHIPPED RAILWAY EXPRESS UNLESS OTHERWISE SPECIFIED.

This price schedule effective with shipments beginning December 1, 1955.

## NEW INTRODUCTIONS AND NEW ACQUISITIONS FOR 1956

### MIKKELSEN & SONS GREENHOUSES

#### WHITE POMPONS, ANEMONES, AND SINGLES

Vesta - - DePetrus - - Oct 25 - - (9-week)

Firm, white button pompon with good keeping qualities. Sturdy stem and good spray formation. Recommended for spring and summer flowering.

Freedom - - Nov 5 - - (10-week)

Intermediate single, pure white in color. Taller grower than Pacesetter, and generally preferred over that variety for cut flowers. Good substance. Ships well.

Cream Shasta - - Nov 10 - - (10-week)

Pleasing creamy white sport of Shasta. Valuable addition to the Shasta group.

Pacesetter - - Nov 10 - - (10-week)

Pure white intermediate single. Strong grower and good producer, but a little short for cut flowers. Excellent pot plant.

Illini Ruffles - - University of Illinois - - Nov 15 - - (11-week)

Clean ivory white single, intermediate in size, good habit of growth and production. Ray florets have a distinctive twist which puts it in the novelty class, yet the effects are pleasing, and the variety has definite commercial possibilities.

Crystal Beauty - - Nov 23 - - (11-week)

Intermediate white pompon.

White Taffeta - - Nov 12 - - (10-week)

Excellent pure white sport of Taffeta. One of the best of the whites for late summer and fall flowering, and again in the spring.

Silvercrest - - Nov 25 - - (12-week)

Small white formal pompon. Good November to March flowering.

Illini Glacier - - University of Illinois - - Dec 1 - - (13-week)

Distinctive large anemone with an icy green-white color. Outstanding for heavy production, large flowers, good stems, and attractive color.

Improved White Snowdrop - - Dale Estate Ltd - - Dec 8 - - (13-week)

A pure white sport of Snowdrop which is intermediate in size, uniform in growth, substance good, production improved over Snowdrop. This is a mutation in form as well as color, being a considerably larger pompon. Useful whenever 13-week varieties can be grown.

Snowflake - - DePetrus - - Dec 10 - - (13-week)

Medium pompon, white with cream center. Good growth habit, production and substance.

WHITE POMPONS, ANEMONES, AND SINGLES

Yukon - - Dec 10 - - (13-week)

Intermediate pure white single.

Wedding Bells - - DePetrus - - Dec 20 - - (14-week)

Trim, large white button with excellent form and substance.

Illini Cascade - - University of Illinois - - Jan 5 - - (15-week)

Large ivory white informal decorative which extends the natural-flowering date along with Illini Snowbound and Talmeda. Probably an improvement over both of those varieties.

YELLOW POMPONS, ANEMONES, AND SINGLES

Yellow Carolyn Yosick - - Dieckmann - - Oct 20 - - (8-week)

Yellow sport of Carolyn Yosick which is valuable in early cloth house flowering.

Sybil - - DePetrus - - Oct 20 - - (8-week)

Attractive golden apricot single, large in size, high in production. Good for summer flowering.

Goldfinch - - DePetrus - - Oct 25 - - (9-week)

Small clear yellow button pompon. Recommended for summer flowering, particularly where high temperatures are prevalent.

Honeymoon - - Nov 4 - - (9-week)

Large single with clear yellow color.

Yellow Pacesetter - - Mikkelsen - - Nov 10 - - (10-week)

Excellent clear yellow sport of Pacesetter, which is a valuable addition to the pot plant variety list.

Cheerio - - Winkler - - Nov 12 - - (10-week)

Intermediate golden yellow anemone. Perfect flower form, short grower, fair production. Makes attractive summer pot plant.

Illini Goldilocks - - University of Illinois - - Nov 12 - - (10-week)

Rich yellow large decorative. Good disbud. Excellent stem, heavy clean foliage, good production.

Lemon Paramount - - McFarland - - Nov 23 - - (11-week)

Pleasing light lemon sport of Paramount. Same good qualities as parent variety.

Gold Medal - - Dec 1 - - (12-week)

Small yellow button pompon for November to March flowering.

YELLOW POMPONS, ANEMONES, AND SINGLESYellow Galaxy - - Dec 1 - - (12-week)

Deep lemon-yellow sport of Galaxy. An intermediate single for November to March flowering.

Yellow Satellite - - Dec 15 - - (14-week)

Yellow sport of Satellite which is a valuable addition to the few good yellows for late fall and winter flowering in the 14-week response group.

BRONZE POMPONS, ANEMONES, AND SINGLESParadise - - Oct 20 - - (8-week)

Intermediate coral-red single suitable for April through June Flowering.

Gaiety - - Oct 25 - - (9-week)

Coral-bronze intermediate single for spring and fall flowering.

Bronze Blue Chip - - Mikkelsen - - Nov 1 - - (9-week)

Good bronze sport of Blue Chip which is a valuable addition to the 9-week response group. Fades in summer, but excellent in spring and fall.

Dark Beauregard - - Mikkelsen - - Nov 5 - - (10-week)

A rich dark sport of Beauregard which retains some bronze color at high temperatures.

Jetfire - - Nov 5 - - (10-week)

Intermediate red decorative for spring and fall. Pleasing bronze even at high temperatures. Good producer. Excellent fall pot plant.

Red Beauregard - - George & Welton - - Nov 5 - - (10-week)

Glowing red bronze sport of Beauregard which is similar to Dark Beauregard in color at excessive temperatures.

Barbara Fuller - - Nov 10 - - (10-week)

Small, compact growing dark coral-red anemone which makes a good fall pot plant.

Beauregard Supreme - - McFarland - - Nov 15 - - (11-week)

A sport of Beauregard which retains its color and form, but improves vigor, flower size and is 10 days later.

Illini Warpaint - - University of Illinois - - Nov 15 - - (11-week)

Rich dark red, large informal decorative. A vigorous grower with above average production. Excellent for September - December flowering. Christmas pot plant trials show promise with short day treatment at pinch date for single pinch culture. Do not break as well as some pot plant varieties, but individual flower size and color may compensate.

BRONZE POMPONS, ANEMONES AND SINGLES

Bourbon - - Nov 20 - - (11-week)

Rust-bronze intermediate daisy.

Rubaiyat - - Nov 20 - - (11-week)

Intermediate formal pompon with good red color. October through Christmas flowering.

Illini Bantam - - University of Illinois - - Nov 25 - - (12-week)

Small Red-bronze pompon with excellent form, substance and habit of growth. A little larger than Pinocchio.

PINK POMPONS, ANEMONES, AND SINGLES

Citation - - Oct 15 - - (8-week)

Intermediate pink pompon. Excellent April through June and again in late fall for pot plant disbud.

Fairyland - - Oct 15 - - (8-week)

Lively pink intermediate decorative. Low temperature variety that improves Carolyn Yosick. Good spring and fall pot plant.

Rainbow - - Nov 3 - - (9-week)

Intermediate coral-pink single good April to June 15 - September to Nov 1.

Tempo - - Nov 3 - - (9-week)

Intermediate pink pompon good as a disbud or in spray form.

Parisienne - - Nov 5 - - (10-week)

Intermediate shell-pink single. Color better than Reward.

Criterion - - Nov 8 - - (10-week)

Intermediate pink decorative with vigorous compact growth habit. Valuable year around pot plant and disbud.

Humdinger - - Nov 10 - - (10-week)

Intermediate deep purple decorative pompon. Ideal pot plant.

Dark Carole - - Winkler - - Nov 15 - - (11-week)

Sport of Carole. Dark pink anemone with yellow cushion. Production excellent, spray formation good.

Delmar - - DePetrus - - Nov 15 - - (11-week)

Medium pink pompon. Good producer. Resembles Almega but smaller.

Illini Heather - - University of Illinois - - Nov 15 - - (11-week)

Intermediate pompon - medium pink.

PINK POMPONS, ANEMONES, AND SINGLESShowoff - - Winkler - - Nov 18 - - (11-week)

Medium pink anemone with distinctive cream white cushion.

Illini Rose Glow - - University of Illinois - - Nov 23 - - (11-week)

Distinctive rosy-lavender intermediate formal pompon. Excellent stem and habit of growth. Good whenever 11-week varieties can be grown.

Purple Valencia - - Mikkelsen - - Nov 28 - - (12-week)

Another sport of Valencia which adds to the large color range already available in the Valentias. A pleasing color, similar to Humdinger.

Dark Enchantress - - Dec 5 - - (13-week)

Dark pink large anemone. Sport of Enchantress.

Enchantress - - Dec 5 - - (13-week)

Beautiful large anemone. Recommended December through March. Good disbud.

Alvoda - - DePetris - - Dec 10 - - (13-week)

Large pink pompon excellent growth and spray formation. Responds well to shading. A good clear pink which should prove good whenever 13-week varieties can be grown.

Improved Pink Minstrel - - Dec 12 - - (13-week)

A Minstrel in form, habit of growth and response, but with a more lively pink color.

STANDARDSWHITEWhite Mary Garden - - Nov 1 - - (9-week)

White sport of Mary Garden. Large spider mum with good substance.

White Peter John - - Nov 23 - - (11-week)

Large decorative clear white reflexed China Mum for November to January. Intolerant of low temperatures.

Chattanooga - - Nov 25 - - (12-week)

Large white incurved for December through March.

December Glory - - Dec 1 - - (12-week)

Medium white incurved. Good form.

STANDARDSYELLOW

Honeysweet - - Oct 15 - - (8-week)

Semi-incurved disbud. Medium yellow. Durable at high temperature.

Valiant - - Oct 15 - - (8-week)

Small semi-incurved, Moonlight yellow.

Smith's Superlative - - Oct 25 - - (9-week)

Medium yellow reflexed. Excellent pot plant for late summer and fall.

Moribana - - DePetrus - - Oct 30 - - (9-week)

Large brilliant yellow spider enhanced by a gold disc. Excellent keeping qualities.

Yellow Ivanhoe - - Nov 1 - - (9-week)

Golden yellow sport of Ivanhoe. Good disbud.

Yellow Peter John - - Nov 23 - - (11-week)

Large lemon-yellow reflexed China Mum. Good substance and growth November to January. Intolerant of low temperature.

Dark Yellow Chattanooga - - Nov 25 - - (12-week)

Deep yellow sport of Chattanooga.

Meteore - - Dec 13 - - (13-week)

Deep lemon medium incurved.

BRONZE AND RED

Delaware - - Nov 8 - - (10-week)

A red-bronze intermediate incurve. Compact growth habit and uniform budding makes this an outstanding pot plant for fall and spring.

Bronze Peter John - - Nov 23 - - (11-week)

Large decorative melon-colored China Mum for November to January. Intolerant of low temperature. Good disbud.

Muto's Crimson - - Dec 1 - - (12-week)

Intermediate red incurved.

PINK

Mary Garden - - Nov 1 - - (9-week)

Large pink spider mum with good stem and substance.

Dark Pink Peter John - - Nov 23 - - (11-week)

Large Decorative China Mum. Color more intense than Peter John.

Light Pink Peter John - - Nov 23 - - (11-week)

Large decorative medium pink China Mum, November to January. Intolerant of low temperature.
